

Hello,

Thank you again to all those that participated in the Austin Avenue Bridges Public Workshop on June 29, 2016. The purpose of this meeting was to develop a vision for the future of the bridges that balances the needs and the wants of the community. A walking tour of the project was conducted prior to the meeting for interested attendees and then the workshop began. After a brief presentation and overview of the process and public input collected to date, attendees broke into different groups to share input on safety and connectivity considerations along with character and aesthetic considerations. We have summarized the meeting and included all maps and working group notes. Please click on the report (right) to view.

Austin Avenue
Bridges Project

Public Meeting Summary

June 29, 2016

Next Steps

The City and project team are coordinating with TxDOT on the environmental process. At the next public meeting we will share evaluations of the different possible alternative solutions. More details will be shared once the meeting date is confirmed. Please contact the project team with any questions or comments.

Thanks again for your participation on this project and we hope you are all staying cool!

Thanks again for your participation on this project and we hope you are all staying cool.
