Bridges Tour

There are still spots available for a walking tour of the bridges before the public meeting. A bus will pick up those interested at 4:45 from the San Gabriel Community Center and be back by 5:45 in time for the public meeting. This will be an opportunity to talk through some of the possible enhancements prior to the public meeting. Please remember to wear sunscreen and bring water if you are attending.

Spaces on the bus are limited due to the size. Please send an email to austinave@georgetown.org if you are interested in participating. We will confirm availability in the order that requests are received.

Project Update

If you are unable to attend, all materials and group work will be shared on the project website following the meeting.

Please remember, you will see field work on the bridges over the next week to test the strength of the steel. No lane closures are anticipated and once started, work should be complete in two days. Once the report is complete, the City will share the analysis and findings from the steel testing.

Thank you for your interest in the Austin Ave. Bridges Project!
