**Williams Drive**

**Study Area and Schedule**

### Project Timeline

- **JULY 2016**
  - Project Kick Off

- **AUG 2016**
  - Existing Conditions Assessment
  - Comprehensive review of existing studies
  - Analysis of existing transportation and land use

- **SEPT 2016**
  - Concept Development

- **OCT 2016**
  - Concept Refinement

- **NOV 2016**
  - Recommendations and Implementation Strategies

- **DEC 2016**
  - Final Report and Recommendations

- **JAN 2017**
  - Public Meeting #1 - Understanding Conditions and Needs

- **FEB 2017**
  - Concept Design Workshop - Public Charrette

- **MAR 2017**
  - Public Meeting #2 - Recommendations and Priorities
  - Public Meeting # 3 - Recommendations and Priorities
  - Public Meeting # 4 - Final Presentation

---

**Corridor Plan** Development of a context-sensitive plan for 6 miles on Williams Drive, which addresses access management strategies, multi-modal transportation elements, safety and operational improvements, and recommendations for a private realm built-form that supports different modes of transportation and a sense of place.

**Centers Plan** Development of a plan for a vibrant mixed-use center and gateway along Williams Drive from an area south of Austin Avenue to Lakeway Drive, consistent with the City’s 2030 Comprehensive Plan and special taxing district and land use overlays.
